If you keep on walkin',  
You'll walk right outta sight.  
And if you keep your eyes closed,  
You will not see the light.

Just give me a chance,  
To put it right.

If you keep your heart closed,  
You'll live out in the cold.  
And you'll go on searchin',  
It's such a lonesome road.

Let me be the one,  
You wanna hold.

Yea

Wheels within wheels,  
Confused what you feel a little bit.  
Rules within rules,  
Won't hide the hurt I have felt.

Well, I could keep on tryin',  
Looks like it's all been in vain.  
For somethin's truly got you,  
Its carryin' you away.  
Don't leave me standing,  
In this empty space.
