Tell me who's that coming  
Not walking or running  
Cool as the mountain breeze  
Well, that song she's humming  
Could make my guitar start strumming  
Automatically  
Tell me who's that speaking  
Make my heart start beating  
Really wanna make it pound  
Well, those words she's saying  
Could make even the devil start praying  
On his knees down upon the ground  
She's always had just what it took  
To read me like I was an open book  
There's something burning deep inside of me  
And she's the only one who can set me free  
Tell me who's that coming  
Not hitching or thumbing  
Looking straight at me  
Well, I sure am gunning  
You know she's the one and  
I guess she'll always be  
Well, tell me who's that coming  
Not walking but running  
Cool as the mountain breeze  
Well, that song she's humming  
Could make this guitar start strumming  
Automatically  
She's always had just what it took  
To read me like I was an open book  
There's something burning deep inside of me  
And she's the only one who can set me free
