Injected venom  
Sucking the life from us  
Away for eighty days

It's white noise  
Just white noise  
Staying awake for the music's sake

They say they listen  
But never hear a thing  
Mass  
Deception  
Illusion  
Perception  
We say they listen  
To white noise

Can this really be our time  
Are we found to find the line  
Disillusion me again

Can we really be  
Really be the only ones  
Who see this charade

The meaning is fleeting  
All these egos competing  
Searching for an identity  
Through a series of misleadings

Injected venom  
Sucking the life from us  
Away for eighty days

It's white noise  
Just white noise  
Staying awake for the music's sake

Can we really be  
Really be the only ones  
Who see this charade?

Can this really be our time  
Are we found to find the line  
Disillusion me again
