Says the feral instinctual side
'The thrill of the hunt'
Says the prophet of all that's been said and done
'Savor the kill'

Unsettled severance undone
A non-living presence will never
Grow until you fall Overblow
Transcend to the beat
Separate from the world of thought
The world of belief

I don't show what you already know
I'm plagued with relief
Out in plain view for all to see
They'd never believe

Compelled to separate the needs
From all you've wanted the world to see

I'm no better than the animal in everybody
Changing your mind
Keeping you like in the
Wild have you ever noticed
Everyone who thinks they know the answer is wrong
A vision a saying a song

You are the fall
No master of your domain
There is no law

I'm no better than the animal in everybody
Changing your mind
Keeping you like
In the wild

Go out
Into the cold dark night
Show your
Survival your progress your plight

I'm no better than

I'm no better than
I'm no better than
The animal
