I don't have to carry this load alone
Someday I'll stop cryin' an' it won't be long
My eyes to the distance, baby
My hands on the wheel

An' I'm gonna rise from the ashes
That's how I feel, I feel
I'm gonna rise from the ashes

I feel inspiration when all may be lost
I claim resurrection, no matter the cost
My moment of wakin', darlin'
Is so close at hand

An' I'm gonna rise from the ashes
Know I can, I can
I'm gonna rise from the ashes

Just give me one moment
Just give me one night
I'll be all right
You know I will, I will

I hold onto faith inside my fear
I know someone hears me when no one is near
My heart is my compass
An' my soul is my guide

An' I'm gonna rise from the ashes
Be alive, so alive
I'm gonna rise from the ashes
I'm gonna rise from the ashes
I'm gonna rise from the ashes

I'm gonna rise from the ashes
I'm gonna rise from the ashes
I'm gonna rise
I'm gonna rise from the ashes
I'm gonna rise from the ashes
