"Ensign"

It's getting colder, I'm getting pale
You're asking questions I wouldn't dare
The floor is creaking beneath my feet
You're so enlightened it's killing me

Can hardly hear you from on the floor
Your hesitation is my reward
You want an answer from me tonight
I couldn't tell you to save my life

Why we're even hear after all this time
I'll never understand, you'll never realize

In our reflection I can see
You look so lonely next to me
You always swept it underneath

Why we're even hear after all this time
I'll never understand, you'll never realize

In our reflection I can see
You look so lonely next to me
You always swept it underneath

And it's getting very near the end
And I'm wondering what it might have been
If you believe in that sort of thing you ought to know
I'm pulling back and letting go
