I am one with satan
I am the horned beast
I am thy mighty emperor
ruler of the dark domain
my body is a temple
wherein all demons dwell
a pantheon of flesh am I
am I

hail me the horned one
I am the beast

I am the truth
I am everything
wherever life is born
I am the flame
wherever death will strike
I am the knife
wherever evil dwells
I am the one behind
infront of the ineffable king of darkness
you shall die!!!

I am one with satan
I am the horned beast
I am thy mighty emperor
ruler of the dark domain
my body is a temple
wherein all demons dwell
a pantheon of flesh am I

hail me the horned one
I am the beast

rege satanas, ave satanas, hail satan!
