Moonlight...

Descends in the land of shadow

Full moon is rising

Over blood red skies

Wolves...

Cries in the freezing night

Gathered in twilight

To summon the master below

Rising shadows

Over blood red skies

Mournful cries

Through the darkened night

Darkness...

Spreads in a shape of evil

Over the rising kingdom

Transylvania

Shadow...

Surrounds the ancient castle

The palace of death far away

Where no light exists

In the realms of Transylvania

Purest blood shall flow

Mortals shall feed

Hunger undead souls

Shadows...

Over Transylvania

Darkness...

In the land of frost

Whispers...

In the winds of evil

Storms...

In the blood red skies

Shadows...
Shadows...
Shadows...
Shadows...
