my word will set this world aflame
hail me!!!

war, war, war...
the earth trembles, beneath the all-conquering
cloven hooves of the black horde
for a thousand years, the horde has been denied the
throne, the throne.
"and the wings were taken from our lord!
he was cast down, into the netherworld forever
but now it's time for us, to reclaim his realm
and bring this world into, eternal darkness

(lucifer)
lord of the east, gather your bewinged legions of the
wind and
prepare to defend our lord above the ground
(satan)
lord of the south, spread your infernal flames across
the land
and gather your strength to fight for the throne

oh, tyrannous master, bring hellish storm upon the
celestial kingdom
set the vault of heaven, into flames
war!!!
set the legions free, open wide your gates
let them strike the earth, with your wrathful hate
let me see, your majestic kingdom
rise before my eyes, the abode of the damned
let the weak be hurled, into your eternal fire
to perish forever more

listen to me my infernal legions
oh, mighty hordes of night-flying demons
throughout the darkness thou shalt ride
join my warlords and fight the war with pride

(leviathan)
lord of the west, command your apocalyptic wave to
break through
the barrier of the weak

(belial)
lord of the north, make the earth strong for our legions
and do not
deny them to tread forbidden land
