Vobiscum Satanus

Cursed Nazarene, impotent king
Behold great Satanus
As he drives his nails deep
Into thy hands

The weak fugitive god eyes
Cries holy tears of blood
As the evil one, press down
His crown of thorn

Ego vos benedictio
In nomine magni dei nostri Satanus
Ave Satanus
Ave domini inferni

Oh, crucified Nazarene
Where are your powers now
When you are facing the greater force

Cursed Nazarene, impotent king
Behold thee great Satanus
