"surely half the world must be blind; they can see
nothing unless it glitters."
-august & julius hare

All my friends are lonely
They left me only
Minutes in the hole
So i'll fake a listen
Sneak a kiss in
But only love is gold

And i see you from afar
I know who you are
I can tell you all apart

Would you marry me
So we'll be free
For a lovely day
Would you care to fall
And selll us all
And would you laugh along the way

And i see you from afar
I know who you are
I can tell you all apart

If you leave it to me she said
You're asking the world
And if you take it from me instead
Who will you owe

Wouldn't i be freezing
But so alive
If i killed another day
Thought i've never fallen
Still you mention often
That i wanted to be saved

And i see you from afar
I know who you are
I can tell you all apart

If you leave it to me she said
You're asking the world
And if you take it from me instead
Who will you owe

I caught my hand in the door again
What is it for
If you leave it to me she said
Who will you owe
