If it's alright with you
I'd like to stay here and love you
And hold you
At least until the daylight comes

And if it's alright with you
I'd like to think that when tomorrow comes
It'll be way to soon
If it's alright with you

If it's alright with you
I think I love you
If it's alright with you
I think I love you

When the morning sun arrives
We'll decide if I should stay or go

If it's alright with you
We won't think about tomorrow
Or yesterday
Tonight could be a lifetime

And if it's alright with you
I'll dim the light and close the world away
Oh I really want to stay
If it's alright with you

If it's alright with you
I think I love you
If it's alright with you
I think I love you

When the morning sun arrives
We'll decide if I should stay or go
Stay or go

If it's alright with you
I think I love you
If it's alright with you
I think I love you

Gonna say it in the morning
I think I love you
Gonna say it in the evening
I think I love you

Ohhhhhhhhhhhhhhh
I think I love you
I think I love you
