I want you dead, No longer breathing,
Suffering in blood. Die, feel my pain,
Choke on your words. I have no remorse.

This is only the beginning, feel this fucking pain.
Screaming from the knife inside you, your flesh
becomes mine.

This is only the beginning, feel this fucking pain.
Screaming from the knife inside you, your flesh
becomes mine.

Haunting in my dreams no longer, suffer on your word.
Covered in blood, barely breathing, severing your
nerves

Haunting in my dreams no longer, suffer on your word.
Covered in blood, barely breathing, severing your
nerves

Haunting in my dreams no longer, suffer on your word.

You'll suffer in your coffin, you'll suffer in death
You'll suffer in your coffin, you'll suffer in death

I want you dead, No longer breathing,
Suffering in blood. Die, feel my pain,
Choke on your words. I have no remorse.

You'll suffer in your coffin, you'll suffer in death
You'll suffer in your coffin, you'll suffer in death
I want you dead, No longer breathing,
Suffering in blood. I have no remorse.

Die!
