She blooms for me near little village in our cabin on the
hill

We made our vow to love each other and I know we
always will

She's my rose of old Kentucky I watch her bloom as
years go by

And there'll never be another I'll love her till the day I
die

[banjo]

Though in dreams I see my darling in a gingo dress
she looks so sweet

Oh how I long for old Kentucky and my darling what's
more for me

She's my rose...

[mandolin]

Oh I know you often wonder so I'll tell you the reason
why

She's my rose of old Kentucky and I know she'll never
lie

She's my rose...
