"There's Better Times A Comin'"

Visit "[There's Better Times A Comin'](#)" on MotoLyrics.com

There's a rough and a rocky side of life
Everybody have to go through grief and strife
But look on down the highway cause there's better
times a comin'
To the rough and a rocky side of life
Well if you look all around find the world that's turned
you down
And you can't make that for sun won't shine wait for
another day
You might take forever but there's good times a comin'
To the rough and a rocky side of life
[ac.guitar]
If you feel likr the world has caused you pain
And you think that your life has been in vain
There's better times a comin' somewhere along the
pathway
To the rough and a rocky side of life
Well if you look all around...
[fiddle]
Well if you look all around...
To the rough and a rocky side of life
