We were just standin there
Two kids who didn't care
I saw you get lifted away

We were two little boys
Abducted by the noise
They didn't care if you were destroyed

But I got a feelin
That I can't, no I can't shake away
That maybe, just maybe you were healin
And didn't need your brain novocaine

Papa was smoking grass
He hit, I always passed
But you had pain runnin in your veins

They sat you in a chair
Prescription held you there
You must have thought livin was unfair
