I always thought that it would be easy
Never thought it living much pain to
Tell somebody that
You don't really love me
I can't even dare to look straight
Into his eyes anymore...

How can I tell him there's someone else
Right before the time we meet...
I just couldn't say that I can stay forever...
Everytime he's near
The words just slips away...

When he took my hand and smiled at me
I just felt the tears when down on his shoulder
How can I ever say that I'm leaving today?
I don't ever want to hurt his feelings cause
I know it would only hurt me too
Because he's somehow been a part of me inside my
heart...

How can I tell him there's someone else
Right before the time we meet...
I just couldn't say that I can stay forever...
Everytime he's near
The words just slips away...

When he took my hand and smiled at me
I just felt the tears when down on his shoulder
How can I ever say that I'm leaving today?
I don't ever want to hurt his feelings cause
I know it would only hurt me too
Because he's somehow been a part of me inside my
heart...

When he took my hand and smiled at me
I just felt the tears when down on his shoulder
How can I ever say that I'm leaving today?
I don't ever want to hurt his feelings cause
I know it would only hurt me too
Because he's somehow been a part of me inside my
heart...

Oooohhh... ooohhhh...
