It happened once again
I thought I saw your face
Across a crowded room
I tried to close my eyes
And slowly count to three
And when I open them
I hope it's you I see

CHORUS:

Is it my imagination?
Or did you look my way?
Did you smile at me
Before you walked away?
Is it only wishful thinking
Could it be a magic spell
Are you just a dream or are
Or are you really there?

I looked up at the stars
Can't help but see you there sparkling out
I tried to close my eyes
And slowly count to three
And when I open them
I hope it's you I see

CHORUS:

Is it my imagination?
Or did you look my way?
Did you smile at me
Before you walked away?
Is it only wishful thinking
Could it be a magic spell
Are you just a dream or are
Or are you really there?

Is it my imagination?
Or did you look my way?
Did you smile at me
Before you walked away?
Is it only wishful thinking
Could it be a magic spell
Are you just a dream or are

Or are you really there?
