(Verse)

She blows it in and she spits me out
Watch them spinning round and round, yeah
There's a love on the feeling
There's lot's of love and it's in my world
Just stand, try to feel my toes, yeah, as they uncurl,
yeah

(Chorus)

She blows it in, and she sucks me down
She blows it in, I can't pick my feet up off the ground

(Verse)

Just pass the glass yeah it's my turn
You pack the bowl fire it up now
Burn and burn around, around
You break your mind as you can see
You carry the fire with you, the funky new disease,
yeah

(Chorus)

She blows it in, and she sucks me down
She blows it in, I can't pick my feet up off the ground

(Chorus)

She blows it in, and she sucks me down
She blows it in, I can't pick my feet up off the ground

(Verse)

There's lot's of love, yeah, and it's in my world
Just press my toes as they uncurl
There's love on the freeway, yeah
Just pass the glass yeah it's my turn
You pack the bowl and fire it up now
Burn and burn and burn, yeah, burn

(Chorus)

She blows it in, and she sucks me down
She blows it in, I can't pick my feet up off the ground
Off the ground, yeah, yeah, off the ground, yeah, ah
yeah
She blows it in, and she sucks me down

She blows it in, I can't pick my feet up off the ground
