(Verse) Compassion and Pain
Iniquity and shame
Told myself long ago
I won't go through that again
There has to be a way
I'm longing for the day
The day that I'm no longer blind to you

(Chorus) You
Only You
Only You
Only You

(Verse) Hopeless, falling
Forgiveness and longing
The path seems so unclear
Is it something that I fear?
I've been searching for so long
I thought my time had gone
But you were right there all along, it was...

(Chorus) You
It was you
It was you

(Solo - Interlude)

(Bridge) Life is too short
Take a hold of the day
And life is too short
To throw away... to throw away the day
Life's too short
Life's too short

(Verse) Compassionate hope
Fulfilling my soul
Told myself long ago
I won't go through that again
I know no other place
I know no other face
The only thing I know inside is...

(Chorus) You
Only you
Only you
Only you
I know no other place
I know no other face
The only thing I know inside is
You
Only you

Life's too cold
