Broken treaties reunite!  
A path of shattered dreams to live for!

Look what we made of this.  
I trusted you.

Broken treaties reunite!  
A path of shattered dreams to live for!

Look what we made of this.  
I trusted you.

Your a liar.  
Your such a fake!  
So many lives,  
You remade!  
Your a liar.  
Your such a fake!  
So many lives,  
You remade!

Broken treaties reunite!  
A path of shattered dreams to live for!

Look what we made of this.  
I trusted you.  
I trusted you, to the end.

Broken treaties reunite!  
A path of shattered dreams to live for!

Look what we made of this.  
I trusted you.

Broken treaties reunite!  
A path of shattered dreams to live for!

Look what we made of this.  
I trusted you.

Your a liar.  
Your such a fake!

So many lives,  
You remade!  
Your a liar.  
Your such a fake!  
So many lives,  
You remade!

I tried to find you,  
But your not here.  
Where are you?  
Your nowhere.  
I tried to find you,  
But your not here.  
Where are you?  
Your nowhere...

Your nowhere!  
Your nowhere!  
I tried to find you.  
Your nowhere.  
Your nowhere!  
Your nowhere!  
I tried to find you.  
Your nowhere.

Your a liar!  
Your SUCH A FAKE!  
So many lives,  
YOU REMADE!
