

Rosie And Me "Come Back"

Visit "[Come Back](#)" on MotoLyrics.com

It all starts with a tiny step
And if you can't do it I'll carry you on my back
Let's go where you wanna go
Let's go where the river flows
Then we can go swimming

'Cause you and me are meant to be
It's true, I treated you uncarefully
And if I asked you so very nicely
Would you come back to me
And then we can go swimming

I'll treat right
I'll buy you candy bars
I'll be your fiancée
I walk the line
I'll make this right
So we can be together

'Cause you and me are meant to be
It's true, I treated you uncarefully
And if I asked you so very nicely
Would you come back to me
So we can be together
