"Good Thing"

Visit "[Good Thing](#)" on [MotoLyrics.com](#)

I found myself today
from all of the games you play
Don't wanna go down that road no more
You kicked me when i was down
But now my feet are on solid ground
Sayin' things i should have said before

is she sexy ?
do ya like her body ?
pretty ?
everything you told me ?
too late ! i would like to know !

is she perfect ?
the girl of your dreams ?
worthit ?
what does it mean ?
tell me !
for i just gotta go

baby don't you know !
you're onto a good thing
don't wanna be fooling yourself
if you don't show me then you might just blow it !
you're onto a good thing , real love in the making
you wanna bet ?
you don't ask then you don't get.

good thing

theres not much more to say
where there's pleasure baby you'll find pain
don't wanna feel this hurt no more
so now i'm tellin you
cuz you're huggin up to someone new
don't worry, honey
i said lets go ...

take care
i had to touch you
be there
the one you run to

be fair
i just wanna know
is she sexy ?
do ya like her body ?
pretty ?
everything you told me ?
too late ! i would like to know !

baby don't you know !
you're onto a good thing
don't wanna be fooling yourself
if you don't show me then you might just blow it !
you're onto a good thing , real love in the making
you wanna bet ?
you don't ask then you don't get

dont wanna be fooling

do you want me
baby tell me
cuz i need to know
come on and tell me

do you feel it
cant conceal it
not felt like this before
come on and tell me

baby don't you know !
you're onto a good thing
don't wanna be fooling yourself
if you don't show me then you might just blow it !
you're onto a good thing , real love in the making
you wanna bet ?
you don't ask then you don't get

baby don't you know !
you're onto a good thing
don't wanna be fooling yourself
if you don't show me then you might just blow it !
you're onto a good thing , real love in the making
you wanna bet ?
you don't ask then you don't get...
