## [Verse 1]

I remember what you said to me, when you said it to  
me last night  
we was talkin', and you reassured me everythings fine  
When I woke up this morning to get some loving from  
you  
I turned to one side, to my suprise, I wasn't layin' next  
to you(mmmm)  
Why don't you get closed to me, I thought it was  
supposed to be  
Me and you, you and me, so complete(so complete)  
While you handlin' me this way, what was it?  
you was talkin yesterday, yesterday, I could say,  
I seemed to be so complete, so complete

## [Chorus]

Went away, you said nothing  
you didn't, no kiss, no lovin'  
you didn't, it's a shame,  
but it brings about the weak in me,  
brings about the weak in me  
you didn't, spend a lifetime with me  
you didn't, share things I wan'na see  
you didn't, when ever your around me it's so complete

## [Verse 2]

So I waited, and I wanted, 'cause I knew you would  
come  
Hours 1, hour 2, hour, 3 hours, not at all  
If I'm dreaming, wake me up  
'Cause I just about had enough, I had enough  
I can not see, how would you ever let this happen to me  
I still belive, that it was supposed to be  
Me and you, you and me, so complete  
So complete, so complete  
If you saying that you need to leave, then be a man  
about it  
and step to me, step to me, tell me please  
and without me it's so complete, so complete

Repeat Chorus

[Verse 3]

Won't you tell me right now what you want from  
me(what you want from me)  
'Cause it's been too long that you've held it in  
baby(held it in, oh)  
Thought you where the one but, you just played me(you  
know you played me)  
Now I feel that I'm so incomplete, yeah

Repeat Chorus (with different variations)

[Verse 4]

Please, give me the response I need  
I want you to complete me, oh baby  
Please, give me all the lovin' I need  
Promise you will complete me, oh baby  
Baby, what more can I say  
'Cause I want you to tell me  
What it is you wanna do  
'Cause I want'a be with you  
(be with you...)
