Woaw, woaw, woaw, woaw, woaw

And I see you
I am just craving
Feel to touch me
I am just waiting
Inside out, inside out
Help me now inside out

I can't tell them it's not easy
I've been me living freely
Inside out, inside out
Help me now inside out

Come on out,
Let's take on an army
We are together
We are like a family
Burning house
Burning house
That's where start the loving heart

I don't know who will accept us?
We are together
Loving sweetness
Inside out inside out
Help me now
Inside out

Inside out

Woaw, woaw, woaw, woaw, woaw
