I knew it all along
What a shame to lead me on
Cause I tried to make you love
I tried to make you love, me

Chorus
But you, you crushed me like a stone
and you, you watch me as I choke
yeah as I choke

Verse 2
I know just where you've been
I can smell him on your skin
Does he treat you like he should
Does he love you like I could

Chorus 2
But you, you crushed me like a stone
And you, you watch me as I choke
yeah, oh as I choke

Bridge
You've got me down upon my knees, but I am not the
enemy

Chorus 3
But you, you crushed me like a stone
And you, you watch me as I choke
yeah, oh as I choke
But you, you crushed me like a stone
And you, you watch me as I choke
yeah, oh as I choke
