Waking up, lost in a fog,
You were the light that led me home,
Over come, thought i was strong,
Thought I could make it on my own,
I Fooled myself but believe me now,

Cus I don't wanna let you go,
I'd be lost without you,
I think you should know,
I'm here
And I don't wanna let you go,

Lying here, under the stars
I feel the beating of your heart
By your side, thats were ill be
You can put your trust in me
I'll hold ya tight, Just stay tonight

Cus I don't wanna let you go,
I'd be lost without you,
I think you should know,
I'm here
And I don't wanna let you go,

I've been waiting for you,
I've built my world around you,
Let me show you how

Cus I don't wanna let you go,
I'd be lost without you,
I think you should know,
I'm here
And I don't wanna let you go,

Cus I don't wanna let you go,
I'd be lost without you,
I think you should know,
I'm here
And I don't wanna let you go,

Ooooh Cus I dont wanna let you go
