I hear a voice
It calls my name
It once was simple
Now the complications reign

I recognize
And I won't change
This coldness that you serve
Will only cause you pain

It isn't easy since I understand their ways
My hate endures, you waste your trust
We'll sit in silence and I turn my eyes away
I'd give anything for yesterday

I voice my anger
I voice our shame
We've poisoned all our lives
We've no one else to blame

We had our chance
To turn them away
We'll pay forever
For our naivety

No need to speak
No need to say
Say goodbye, say goodbye
No need to speak
No need to say goodbye

It isn't easy since I understand their ways
My hate endures, you waste your trust
We'll sit in silence and I turn my eyes away
I'd give anything for yesterday

We'll pay forever
(We'll bleed forever)
We'll pay forever
(We'll bleed forever)
We'll bleed forever
We'll bleed forever

We'll pay forever
(We'll pay forever)
We'll pay forever
(We'll pay forever)
We'll bleed forever
We'll bleed forever
