Hold close the human in you
Cherish your freedom, let nothing deny you
Your enemy hides from the truth
Clings to the darkness covers in the shadow

You are the essence of proof
Positive vision of strength individual
Not paralyzed, not compromised
In dreams reside the fate of man

Recognize those who'll destroy
Those who will suck from your hard work and struggle
To governments you're but a toy
Anonymous mules on whose backs they ride freely

Give not to Caesar his tithe
Instead care for yourself, your family, your pride
You're not categorized, not number assigned
With dreams you provide for hope of man

Revealing all their darkest crimes
(Destroy the hush)
Exposing truth through the other side
(Destroy the hush)

With strength one day we will collide
(Destroy the hush)
And in so doing we will retrieve ourselves our lives
(Destroy the hush)

Imagine a world free of fear
A world where your dreams can be real as envisioned
A world where you choose what to be
And not what they make you, a monitored slave

Those dreams will soon disappear
If we don't progress and succeed in the stifling
Of government lies, expose what they hide
And we will provide for the fate of man

Revealing all their darkest crimes
(Destroy the hush)

Exposing truth through the other side
(Destroy the hush)

With strength one day we will collide
(Destroy the hush)
And in so doing we will retrieve ourselves our lives

Destroy the hush
Destroy the hush
Destroy the hush
Destroy the hush
