Create the hate, cause the cancer  
Siphon life and paralyze  
Enforce the peace, give medication  
Convincing man to compromise

A modern Christ, a new Messiah  
Born of war from blackened sand  
Anointed Lord by my disciples  
Ten fists of nations, I command

There'll be no golden future  
Though they are trained to strive  
Only enough to sate them  
To keep the herd alive

Soon you shall know, I'll be revealed  
You'll see the light behind my eyes  
To touch the flame, to trust my presence  
Make you feel safe inside my lies

And I'll speak the promise  
And I'll bend your mind  
And while I offer solace  
I kill you from inside

Ten fists of hate, ten tongues of lies  
Rising child of Zion when two suns shine in the sky  
Thy kingdom come by my command  
Let the eye of Giza drive your souls into my hands  
Ten fists of hate, ten tongues of lies

My kingdom calling you, my will for all of you  
Ten fists of nations call, I feel it dragging you down

And as the wealth of nations gather  
And the cattle don their reins  
In complete consolidation  
One move to end the game

With agony a symphony  
With thunder at my hand  
Send a message to our fathers

That the earth is now in their command

And with no more hesitation  
I let the comet fly  
By my hand the earth awash with light  
The end written in the sky

Ten fists of hate, ten tongues of lies  
Rising child of Zion when two suns shine in the sky  
Thy kingdom come by my command  
Let the eye of Giza shine
