Everybody love me (No)
Mom and daddy love me (No)
All my neighbors love me
Someone gotta love me (Nooo)

Everybody love me (No)
Mom and daddy love me (No)
Anybody that has heard of me
I know they love me (Nooo)

Everybody love me (No)
Mom and daddy love me (No)
All my neighbors love me
Someone gotta love me (Nooo)

Everybody love me (No)
Mom and daddy love me (No)
Anybody that has heard of me
I know they love me

[Monoxide Child:]

Everybody treats me like uh I'm the anti-christ
They want to kill my momma for giving me the life
I'm on my tree they say, I walk a different way
Get on your knees and pray, Lotus it's your judgement
day
I like to hang with the hookers and whynos
And let them give me tats with their heroine needles,
whut?
I love to kiss on the bitches with bad breath
And choke them by the neck while I just fuck her to
death

[Shaggy 2 Dope:]

Now tell me do you love me, or do you love me not?
Naww?
Well kiss my ass, the red dot marks the spot
Tell me, how you be behind my back and always hate
To my face we straight, about to make me catch a
murder case
Tell me, what make your brain tick? What the fuck?
To even find the Lotus clique, well you gotta look

But you can't see us, well try focal heat specs
Matter of fact mother fuck you and my rep

Everybody love me (No)
Mom and daddy love me (No)
All my neighbors love me
Someone gotta love me (Nooo)

Everybody love me (No)
Mom and daddy love me (No)
Anybody that has heard of me
I know they love me (Nooo)

Everybody love me (No)
Mom and daddy love me (No)
All my neighbors love me
Someone gotta love me (Nooo)

Everybody love me (No)
Mom and daddy love me (No)
Anybody that has heard of me
I know they love me

[Violent]

Come over here I wanna tell you a story
It's an ugly one, it's about neden, and how I can't get
none
I could have cocaine cum with a crackpipe dick
And I couldn't get a basehead to buff my shit
Speaking of crackheads I am a crackhead
I mean I don't smoke, but I gotta crack in my head
My daddy used to slap my face around with a brick
Until finally the back of my cranium split
I took my shoelace off and sewed it back shut
I wear this goofy wig now to hide the cut
Look nobody loves me I'll be quick to admit it
My momma says she loves me, but she won't let me hit
it, I'm kidding
Then you got my brothers they call me metal case

They beat me up and put they cigarettes out on my
face
Ahhhh my head throbs
I'm about to enroll in Columbine, and finish the fucking
job!

Everybody love me (No)
Mom and daddy love me (No)
All my neighbors love me
Someone gotta love me (Nooo)

Everybody love me (No)
Mom and daddy love me (No)
Anybody that has heard of me
I know they love me (Nooo)

Everybody love me (No)
Mom and daddy love me (No)
All my neighbors love me
Someone gotta love me (Nooo)

Everybody love me (No)
Mom and daddy love me (No)
Anybody that has heard of me
I know they love me

"Hi Kelly, it's me J.
Listen I know you don't like me calling you and stuff,
but fuck you.
You know what I mean?
Gimme a chance, I'm not that stale. I mean just
because..."

[Blaze Ya Dead Homie]

Terrible thoughts run through my mind
Causing my head to fill with anger
Anybody I don't know I wanna strangle
Does that make me such a bad guy? Nope
Y'all like live bitches, I like the dead kind
Hang with killas, creep like phantoms in the darkness
And even though we like to murder we ain't heartless
Can't help it I got a bad reputation
But devastation, all out panic before decapitation

[Jamie Madrox]

Don't nobody love me, don't nobody care
They'd rather sit and stare, and make fun of my hair
I'ma killa, I'ma devil, I'ma punk, I'ma traitor
My momma hate my guts, but I could never ever hate
her
And this bitch I used to fuck say my dick too small
She wasn't sayin' that when she took it all in the jaw
And all my dawgs and my true friends think I'm insane
They say Jamie doesn't rationalize or talk in normal
ways

Everybody love me (No)
Mom and daddy love me (No)
All my neighbors love me
Someone gotta love me (Nooo)

Everybody love me (No)

Mom and daddy love me (No)
Anybody that has heard of me
I know they love me (Nooo)

Everybody love me (No)
Mom and daddy love me (No)
All my neighbors love me
Someone gotta love me (Nooo)

Everybody love me (No)
Mom and daddy love me (No)
Anybody that has heard of me
I know they love me

Just gimme a chance and call me back you know?
Just gimme five minutes
Just gimme five fucking minutes
Just quit sucking dicks like a fucking cunt bitch
And call me back
I'm asking for a second chance
Everything I do is always my fault
You're such a fucking slutty fucking whore!
Call me back bitch!
