Bitch
Do you wan't me?
Do you wan't me?
Cause I'm famous
I'm famous
Is that right?
That's right

Sexy!
What!
Get tea bagged!
On your face!
Bitch!
Haha

HAHAHA

(Jamie Madrox)
Bitch I'm the sexiest killa you know
Come equiped with an axe and some love handles
Vampire out of the water, straight to land
Can a killa that you know fuck you better than I can?
If you say that they could bitch, you's a lie
You must of never had a Juggalo between your thighs
Didn't like the fat kid that was cutting your lawn
Now you're giving head shots for your favorite song

(Shaggy 2 Dope)
So bitch you think I'm sexy
And you want my willy
Then you best expect me
To slap you in your fucking mouth
Oh that's right bitch, you like killas in disguise
Sure I'll fuck, but don't expect to leave alive
I'll make sweet love to the neden of a Juggalette
A fake bitch out for props gets her neck wet

(Chorus)
Baby am I sexy
Tell me am I sexy
Baby am I sexy
Tell me am I sexy

Baby am I sexy
Tell me am I sexy
Baby am I sexy
Tell me am I sexy

(Blaze Ya Dead Homie)

What up young bitch, I know you like dick
Drop to your knees and tell me what you think
As my dick slides up, in and out your face
Eleven years dead punk bitch, fuck bitch how it taste
Lay your ass down and close your eyes
Imagine dead dick between your thighs
Can't nobody do it quite like this
I might be dead but i'm sexy bitch

(Monoxide Child)

Bitch I can't front, in the days of no pain
I still had the game to put your face on fame
Monox boogy in this bitch with my dick all hard
Face fucking all you hoes be my only truck card
Bitch, you can kick it with the punk next door
But when you see me, ain't no talking cause we be
fucking on the floor
And all the fronting shit gots to go
I'm on the hunt for that freak nasty bitch from head to
toe

(Chorus)

Baby am I sexy
Tell me am I sexy
Baby am I sexy
Tell me am I sexy
Baby am I sexy
Tell me am I sexy
Baby am I sexy
Tell me am I sexy

(Violent J)

Bitch ain't I sexy?
Wanna take a ride in my lexi
Well I ain't got a lexi
I got a taxi
Get the fuck in it
Floor it and pay for it
Bitch we the Dark Lotus six
We don't like richie ass groupy chicks
I never got naden before I was famous
Bounce, or get my foot your anus
Bitch you think it's all song and dance
I'm a bust your head if you don't come out of those
pants

You don't get to choose us or take your pick
You'll be lucky if you get to suck squeezey dick
Bitch I'm sexy, take off my shirt
What's that all on my back, dirt
Don, down and dirty be the Violent J
And the motherfucking Lotus Pod be the hide away
Bitch show a Juggalette respect
You don't wanna tussle with a down ninjette
Life ain't nothing but bitches and money
And I ain't got either one, so get the fuck on

(Chorus)

Baby am I sexy
Tell me am I sexy
Baby am I sexy
Tell me am I sexy
Baby am I sexy
Tell me am I sexy
Baby am I sexy
Tell me am I sexy

That's right look at this bullshit
Cause that's just what it is, bullllll.....shit bitch!
You better suck my dick till my balls get wet
Hey yo Marz
(what's up?)
Man, how the fuck you gonna play these wanna be
Juggalettes?

(Marz)

Shit.....
I whip out my dick and spit on you bitch
Piss on your tits and shit in your sink
So what's up slut? Now I'm ready to fuck
All up in that ass or the cunt while the Lotus shit bumps
My dicks got a wart, my balls got a lump
Raw dog up in the hole, bitch fuck a condom
I knock the bitch out and fuck her limp body
We're hitting it already, let's start the party
