*[Violent:]*

A black sand storm is approaching the metropolis  
Sucking up sunlight it moves ontop of us  
Beaches of black sand are littered with dead fish  
Black sand deserts grow blood red cactus  
Dust devils twist human bodies in half  
Black sands down the hourglass that's our ass  
This ain't the past that we live in we're not forgiven  
It's death at the hands of the lands we've been given

*[Blaze Ya Dead Homie:]*

A murdering sense feel the essence of the black sand  
The sight alone cause trauma to a mortal man  
Smoke starts rising and images appear  
My legs stick and death replays over in the mirror  
Grades of black sand the coming of your end  
All you ever loved is now appearin wasteland  
Lost forever and still you will descend  
You're caught between light and dark within the black  
sand

*[Chorus:]*

Black sand blowing in the sky  
Close your eyes  
Follows whipping by, it surrounds you  
Don't look or you'll turn to stone

Black sand blowing in the sky  
Close your eyes  
Follows whipping by, it surrounds you  
Don't look or you'll turn to stone

*[Jamie Madrox:]*

In the black sand I draw a diagram  
A mythical imaginary wondrous land  
Where pharaohs once inhabited and pyramids avast  
Till the sky ate the sun turning everything to black  
Night was eternal no more shadow of the Sphinx  
Robbed the sun God and became extinct  
May as well have died and turned to dust  
Till the lightning hit the pyramids and everyone was  
crushed

*[Monoxide Child:]*

Black sand mortal's end  
Time for the Lotus to claim reign again  
Cross legged I sit surrounded  
Cops around it who block the worlds end  
Shots fired at my direction  
But I'm protected by the black sands within  
Now watch me disappear in the air so thin  
As I now being the end of humans

*[Chorus:]*

Black sand blowing in the sky  
Close your eyes  
Follows whipping by, it surrounds you  
Don't look or you'll turn to stone

Black sand blowing in the sky  
Close your eyes  
Follows whipping by, it surrounds you  
Don't look or you'll turn to stone

*[Shaggy 2 Dope:]*

In your face black sand thrown  
Then my knife rips you open from your balls to your  
dome  
Lots roots planted deep down in this shit  
When the pedals bloom that's when wigs get flipped  
A world where the darkness consuming your soul  
Sand leaking out your ass, nose, eyes and ear holes  
Now you on your knees praying for your life  
Too bad for your bitch ass you just another sacrifice

*[Chorus:]*

Black sand blowing in the sky  
Close your eyes  
Follows whipping by, it surrounds you  
Don't look or you'll turn to stone

Black sand blowing in the sky  
Close your eyes  
Follows whipping by, it surrounds you  
Don't look or you'll turn to stone

Close your eyes  
Don't look or you'll turn to stone  
Close your eyes  
Don't look or you'll turn to stone

Voices drive my conscience, and I fight. To keep them  
sane...
