(feat. Spliff Star)

[Intro: Busta Rhymes]

Just make it clap, just make it clap  
Ay yo we 'bout to take everybody from every street  
And throw a party in the Grand Canyon, come on!!!

Flipmode baby, yeah, check it out

[Verse 1: Busta Rhymes]

Hey! Hey! Ain't no fakin the fluid  
Water drippin off asses of women that's shakin it to it  
While I'm takin you through it, no mistakin my crew is  
Flipmode baby!!! got you actin all stupid  
Now I'm back in the cupid, just to tell you the truth is  
Them niggas that be havin you blacken and ready to  
lose it  
Pushin lambos and harley rockin Roberto Cavalli (Huh!)  
Now I got a new hobby diamonds and tattoos and  
bodies  
Watch me crash through the party, go 'head and spaz  
girl  
Tattoo in the name of my click across yo' ass girl  
We 'bout to blast girl, from here to Albuquerque  
Like jamaican niggas rockin big chains in socker  
jerseys  
Take you on hotter journeys, the way we put it down  
And be hittin be havin you shittin more than a box of  
hersheys  
We come to control it we come to command it  
And just for the record we always come to set a new  
standard  
Act like you know

[Chorus: Busta Rhymes]

Incuse you ain't know and incase you ain't heard  
And if you want us to set it just give me the word  
This one goes out to my soldiers that be flippin them  
birds

To all my shorties wigglin they shakin they curves  
Just make it clap, Just make it clap, Just make it clap  
Just make it clap

[Verse 2: Spliff Star]

See you a hot little mama it's only right that I holla  
Love your face love your smile love that ass in a Prada  
Make it, bounce up and down like the six four impalla  
Turn around wiggle it like you shakin it for dollars  
Girl your skin tone pretty and you love top wear Vickey  
Sport Gucci and Gabbana when you love the world is  
sticky  
Got a, crib in the city with a cherry eight fifty  
We could cruise down the avenue and shop till you  
dizzy  
Throw some karats in your pinky have your neck and  
wrist blingy  
I could bless you with it all boo but never say gimme  
We can, pop yellow bottles push whips in all models  
Vroom vroom on the Calisport instead of Gucci  
goggles  
I'm a fly little nigga boo enough for you to dig it boo  
Hit me up later we can go somewhere and kick it boo  
The name is Spliff baby I'll make you man hate me  
Cause my shit's steak and gravy plus my pipe gettin  
crazy baby

[Chorus: Busta Rhymes]

Incase you ain't know and incase you ain't heard  
And if you want us to set it just give me the word  
This one goes out to my soldiers that be flippin them  
birds  
To all my shorties wigglin they shakin they curves  
Just make it clap, Just make it clap, Just make it clap  
Just make it clap

Open wide ma swallow when I let it off, yo
