This vow is all that's left  
My faith is the final gift  
I promised you guidance for your dying day  
And here I am, to guard your last way

I've seen the dying, I've seen the wars  
God, give me strength from above, hear my uproar  
All these countless years I've crossed the earth  
And there's no end in sight, endless dearth  
I'm burned and broken, I stand alone  
I'm facing infinite loss, all is gone  
God, am I damned for all time? A restless soul?  
I wanna fade away -- take me home!

God of dying -- take my life  
I have no more to give -- end this strife  
All the ages -- all this time  
It's my final goodbye -- let me die

[Solo: RTB]

A blaze of fire alights my soul  
With my body in flames I'm coming home  
God of greatness, rescue me  
Shelter this restless soul - set me free

God of dying -- take my life  
I have no more to give -- end this strife  
All the ages -- and all this time  
It's my final goodbye -- let me die
