I believe you were expecting me
and it's called the moulin rouge
oh, lets dance

gonna be the rythem of the night
hear the rythem
forget about the worries on your mind
on your mind
gonna be the rythm of the night
forget about the worries on your mind

when it feels like the world is on your shoulders
and all of the madness has got you going crazy
it's time to get out, step out on to the street
where all of the action is right there at your feet
well i know a place where we can dance the whole night
away
and it's called the moulin rouge
just come with me and we can shake our boos right
away
you'll be doing fine once the music starts
ooooh yea!

gonna be the rythem of the night
dance until the morning light
forget about the worries on your mind
we can leave em' all behind
gonna be the rythem of the night

look out on the street now
the party is just beginning
the music is playing
a celebration
all of the street light, the scene is being set
a night for romance, a night you won't forget so
come join the fun, no time to be staying home
moulin rouge is going on
tonight is gonna be a night
like you never know
we're gonna have a good time
all night long
