Sign to the scene door
An ambitious smile
Is reaching out for more
Who's gonna dream within
Universal cue
Is tumbling inside of you
You know
All human nation
Condemned the world
They take care of nothing
Or anyone else
They're smiling complacent
Proud what they doing
But they never gonna realise
That something has changed
The wolves are on your neck
All targets shooting back
Don't tell me it's a bad world
Shut your mouth
'Cause there is no good
Keep on smiling in a bad world
You can change it
I think you would
I'm asking you
What are we supposed to do
What can we say
To make it better one day
I don't care 'bout it all
Bad bad boy
Proud of discovering new illusions
Used to think'n'analyse
Used to think ignore the last decay
Failure is failing
Succeed in failing
All human nation
Condemned the world.....
Don't tell me it's a bad world
Nothing's their fault
Thinking world
And a lie what you were
Come and call stocky girl

I got a real favour
Anger
All targets screaming
Remain
Remain
Remain
Remain
