Tear me up  
No sorrow  
My instance is a claim for consequence  
'cause I believe 'till I know better  
Somehow it's up to me to ring a chance  
The mug is on his way  
My instance saws on my own two legs  
I'm begging please  
Let me awake  
Hear my instance calling  
It comes out from nothing  
Time to bother others  
To muffle up tradition  
Let me hear something  
Give me strength to dance is spirits better chance  
The mug is on his way  
My instance saws on my own two legs  
I'm begging please  
Let me awake  
Hear my instance calling  
Hear my recall  
It's only for you  
Imaging idle forever lost  
New order's ending  
Traditional view  
Time is up to face it  
Time is up to conquer truly  
Back to the beginning  
Trust in something I once lost  
I fear nothing  
'cause the mug is on my lips  
I look at crossroads  
To believe in  
Or tangle up in sorrow  
I split into two  
Far I see him walking  
While I am on my way  
The mug is here to stay  
My instance saws on my own two lips  
I'm begging please  
Let me awake

Let me find the entrance  
Hope  
No sick day by day  
I have to stay  
On my own to legs  
I know I'm on my way  
Let me awake  
Hear my instance calling
