"We're Born Alone  
And We Must Face Death Alone

Everyone must die  
Whether in pain or at peace

Destruction and demise  
What a charming view  
Suffer your salvation  
Enjoy my scornful pain

Take a look at these haunted horizons  
Enflamed, enraged, disgusting  
In their beauty

Aren't you fascinated?  
Scared to death almost dead  
Though fascinated  
Withering yet in hope

The prophecy had not been fulfilled  
The spell had no been cast  
It's only life which suddenly ceased  
To exit finally and at last

The mushroom clouds we avoked  
Sunset's and sundown's play with colors  
Of tremendous origin  
The plague we brought onto ourselves

Engarved into a sullen sleep  
For a thousand of ages  
To awake and dream of a better living  
To cease and be avaken

"Everyone must die  
Whether in pain or at peace  
We made our choice  
Our peace your pain

Our beloved microcosm  
Your hatred universe
