I live  
In a magical world  
In a magical world  
In a magical world

I live  
(Yes I live)  
In a magical world  
In a magical world  
In a magical world  
In a magical world  
In a magical world

Why do I waken from such, a beautiful dream?  
Can't you see that I am sleeping?  
So why don't you leave me alone?  
For life is so exciting on the island in my head  
And as I sing and dance along the shadows up ahead

I live  
In a magical world  
In a magical world  
In a magical world

The fragrance of sweet flowers is filling the air  
Cool peace of mind is devastating  
So why am I feeling so cold?  
For no one here can tell me I'm not good enough to  
share  
And anyone I want to love I love and no one cares

I live  
In a magical world  
In a magical world  
In a magical world

I'm not asking you to understand me  
Cause you can't change my way of giving  
Oh oh I a love I can feel  
So I fold my mind up in a yellow submarine  
And blowing down the shadow that was left of last

nights schemes

I live

In a magical world

In a magical world

In a magical world

I live

In a magical world

In a magical world

In a magical world

I live

In a magical world

In a magical world

In a magical world
