We're livin' in a paper castle  
The wind is gonna blow it down

We're livin' in a paper castle  
The wind is gonna blow it down, down, down, down

Everybody in this world is from the same side of the  
tracks  
Everybody cryin' of mistrust  
You can't even turn your back

The bad neighborhood where you live  
The city gonna' tear it down

They increase the taxes  
Give you government money  
You can move uptown

It seems as though that nothing good  
don't matter no more  
Seems like we just can't get ourselves together no  
more  
No no

We're livin' in a paper castle  
The wind is gonna blow it down

We're livin' in a paper castle  
The wind is gonna blow it down, down, down, down

Populating steady increases  
Soon there won't be no room

People tried to live somewhere  
So they tried to get to the moon

There's A war over here  
And a war over there  
Just can't be no peace

Kids have got to grow get and education

if there going to eat

Something is all around us  
Life must go on

Bad situation when you don't know  
whether you're right or wrong  
Yeah, yes yes

We're livin' in a paper castle  
The wind is gonna blow it down

We're livin' in a paper castle  
The wind is gonna blow it down, down, down, down

Populating steadily increases  
Soon there won't be no room

People tried to live somewhere  
So they tried to get to the moon

There's' A war over here  
And a war over there  
Just can't be no peace

Kids have got to grow and get and education  
if there going to eat

Something is all around us  
Life must go on

If a bad situation when you don't know  
whether you're right or wrong  
Yeah, yeah

We're livin' in a paper castle  
The wind is gonna blow it down

We're livin' in a paper castle  
The wind is gonna blow it down, down, down, down

We're livin' in a paper castle  
The wind is gonna blow it down

We're livin' in a paper castle  
The wind is gonna
