When day is out, i can see in the sky  
Plentyful forest made with the stars  
In cold night, i can feel the near-by  
Goddess of asters no matter thou art so far

[Bridge]  
But in my sorrow i need to see  
Beatiful sunsets, precious to thee  
And in my travels when they're too long  
I'm just pay worship with this sweet song

[Chorus:]  
Everytime I gaze the blue sky  
Filling thy grace with love tears my eyes  
In thy face see the space  
In my cry, hear a sight  
Praying for thy light

A during ship crossing the sky by day  
Sailing the morning. light is it's trade  
A silver ship for love starting the chase  
When the night comes the light dies away

[Bridge]

[Chorus]
