Im sick of it all
It's getting me down
Since the day You're not here around
I hope that You are safe
Now You can put the blame on me

Emptiness have eaten my soul
My brain's telling me that I'm under control
I'm still scrolled on the ground
And here it comes again

I'm sitting, smoking, drinking, fucking
Here it comes the chase for all and nothing
No one now can save me
If You're not here with me baby

My mind is tired
My eyes are closed
I can't take it anymore
Slowly coming to an end
Many things that I can't pretend

Starring alone I'm hearing Your voice
I've realized that I've got no choice
No matter how hard I try
It doesn't work again

Dry Your tears cause I don't wanna drown
And talk to me talk to me now
Turn on a little switch that's inside Your heart
Don't let me die and I won't let You cry

I'm sitting, smoking, drinking, fucking
Here it comes the chase for all and nothing
No one now can save me
If You're not here with me baby

[solo]

I'm sitting, smoking, drinking, fucking
Here it comes the chase for all and nothing
No one now can save me

If You're not here with me baby
