My time is running out
And I think Yours is too
I used to take care of everything I did or had to do
But now I don't mind
I don't even have the time
To be a worried chump
If it's no good, then leave me now
Cuz I don't mind

STOP!
Don't like me
STOP!
Don't love me
STOP!
And let me go my way

STOP!
Don't like me
STOP!
Don't love me
STOP!
Suprise me
Now I don't care

A scary wind is all around
Secret voices in my mind
The road's getting clear right now
But I'm waiting for green light
I hear all those words
You've put into my head
And I really don't care 'bout
Everything You said
Cuz I don't mind

STOP!
Don't like me
STOP!
Don't love me
STOP!
And let me go my way

STOP!
Don't like me
STOP!
Don't love me
STOP!
Suprise me
Now I don't care

My time is running out
And I think Yours is too
It's time to say goodbye
Cuz it's too late to be with You
Now there's no chance for make out tonight
Cuz I don't mind

STOP!
Don't like me
STOP!
Don't love me
STOP!
And let me go my way

STOP!
Don't like me
STOP!
Don't love me
STOP!
Suprise me
Now I don't care
