Between the road of my past
Between the lines of my worried life
I'm standing face to face with my memories
And fake time which I can't deny

Forever scared, until the night
That I found You in my heart
And now I think it's time to come to light
Everything that I kept inside

I'm with You, I always wanted You to know (I always
wanted You to know)
That I'm not afraid of anything
When I got You on my own

I'm with You and I will never let You go (and I will never
let You go)
Because I'm not afraid of anything
And I got You on my own

I'm on the top of my life
I never felt this way before
The story of my pain and ruined past
Won't come back to me no more

I'm not scared, everything is bright
'Till I found You in my heart
And now I think it's time to come to light
Everything that I kept inside

I'm with You, I always wanted You to know (I always
wanted You to know)
That I'm not afraid of anything
When I got You on my own

Im with You and I will never let You go (and I will never
let You go)
Because I'm not afraid of anything
And I got You on my own

Between the road of my past
Between the lines of my worried life

Im standing face to face with my memories
And fake time which I can't deny

I'm with You, I always wanted You to know (I always
wanted You to know)
That I'm not afraid of anything
When I got You on my own

I'm with You and I will never let You go (and I will never
let You go)
Because I'm not afraid of anything
And I got You on my own
