There was a day when I was fine
And everything just kept in line for me
And none could preventing me
From following my dreams

But You put away the ray of the sunlight
And every shimmering moment turned out to night
No butterflies and rainbows anymore

But where I'm goin now
I'm homeless somehow

You mess me up
I'm incomplete
And start to bleed

[uuu]

I was pushed back to the start
With a scar deep in my heart
And I did never no wich way to go
And turnin left or right

But I don't wanna disconcert
Although I am still feeling hurt
And wounds inside of me
I keep goin on
without You and me

Cause I know where I'm now

I'm back on track somehow

You mess me up
I'm incomplete
And start to bleed

I never break
For heavens sake
Follow my lead

[yeah]

No nothing ever turns out
Like the story Your life
There are ups and downs again
But it's You who can decide
To hang head or let it go
The way You wanna be
It starts inside Your head
To be free

You mess me up
I'm incomplete
And start to bleed

I never break
For heavens sake
Follow my lead
