Maybe it's hard to believe but our ways
Are not gardens of roses
Naked lies are coming so fast
They slowly show You their real face
Black clouds will never go away

Cold wine is drowning dirty souls
We can kneel down but we can't give up
This is not the end of choices
It's not the end of the game

Feel my pain
Be my guest
Feel my live
Be my god
Heal my scars
See their lies
Feel my lonely fight
Deep inside

Feel my lonely fight
Deep inside

Feel my pain
Be my guest
Feel my live
Be my god
Heal my scars
See their lies
Feel my lonely fight
Deep inside

It was everything to me (my lonely fight, deep inside)
I don't know how can I live
With my scars and with my sins
I'm alone again

It was everything I loved (my lonely fight, deep inside)
Everyday and everynight
Now I'm all alone again
With my dreams
Alone again

[solo]

It was everything to me (my lonely fight, deep inside)
I don't know how can I live
With my scars and with my sins
I'm alone again

It was everything I loved (my lonely fight, deep inside)
Everyday and everynight
Now I'm all alone again
With my dreams
Alone again
