Let's think about Our resistance
And about Our future at all
Box of trashes lying between Our hearts for so long
I can't sleep tonight
Cuz I'm so freakin' tired
I see Your face and hold my own briefcase
Full of memories of you...

Me and You...
Me and You...

Injected love is running through my veins, but I feel
fine
Maybe someday You will try to say everything's gonna
be alright
I don't need serenity
That's not the way it's supposed to be
Sitting thousand miles away from You
And writing this so,

Oh my dear, do You know that I miss You everyday
Surrounded by these concrete walls
That don't pose any problem at all
The anger I destroyed many years ago will never come
back
And sleeping pills - I drown them in the drain
I'm fed up with suffocating dreams
Somebody says "baby you can sleep with me"
I say no way, get out of my van,
Go sell Yourself but not me!

Oh my dear, do You know that I miss You everyday
Surrounded by these concrete walls
That don't pose any problem at all

[bridge]

hei! hei! hei!

Oh my dear, do You know that I miss You everyday
(...Me and You...)
Surrounded by these concrete walls (...Me and You...)

That don't pose any problem at all
