Searching a perfect bodie, fat, ugly and full of shit a
collection for my depravity pieces of bodies hang in my
wall with proud
I enjoy this room. Cutting, biting and fucking all this
people only for my pleasure cut to the bone and let the
blood flow pack this
Wounds the others i will eat them. She was sleeping as
i get inside of her, slowly penetrating as i feel her cunt
start to rip, she
Didn't scream, she start to enjoy it feeling deep inside
as i broke her face. Im going to use her for my
collection getting her
Nasty cunt first, and taking her inners from her back to
the bottom of her ass
