Deformed bloody little hole just like your lubricated  
cunt for the harder penetrations imposible to resist  
Opening the body exposing all the wounds i guess you  
still alive then there is to be more cum  
You are full in pain trying to survive as i cut your vagina  
screaming for more and another one suck your cunt  
stiff and cold what a  
Fancy show seminal coitus it's what we feel check our  
rotting mind disturbing you wiht full anal pleasure  
You are as lave of masturbation feel the stench of the  
sperm rolling by your mouth while excrement is on your  
body and your  
Organs are gone, organs - stench- with sperm all this  
pleasure i admire all in perfect harmony  
Defleshed rot full of shit these acts i enjoy pleasant
